

Day	Time	"KKZ" -1000	"Vecherny cosmos" 1-250	"Vecherny cosmos" 2-250	"Saturn" - 200	"Neptune" - 100	"Jupiter" - 50	"Galactica 1+2" - 80	"Galactica 3" - 50	"Galactica 4" - 50
September 17 (SATURDAY)	9:00 am 9:45 am	Lectures of foreign guests	Lecture "Volemic status during major abdominal surgeries" I.B. Zabolotskikh	Lecture "Non-invasive ventilation of lungs of premature newborn children" O.E. Mitkinov	Lecture "Preventive treatment of postsurgical cognitive dysfunction: what's new?" A.M. Ovezov	Lecture "Severe nephritic trauma" S. I. Rei	Lecture "Some aspects of work in scientific electronic eLIBRARY.ru. Or how scientist anesthesiologist-emergency physician can raise his guides" V.I. Gorbachyov	Lecture "Cardiac insufficiency in non-cardiac surgery: is there a place for Levosimendan?" V.V. Likhvantsev	Lecture "Complex pathway between polypragmasy and nihilism in neurointensive care: disappointment in medically induced neuroprotection and perspectives of pharmacologic stimulation of brain" S.V. Tsarenko	Lecture. Interaction in the "patient-ventilator" system: potential problems and their solution. Khrapov K.N.
	10:00 am 12:00 noon		Ultrasound in anesthesiology and resuscitation	Satellite symposium of Astra Zeneka Company. Problems and opportunities in treatment of extramural and nosocomial pneumonia in conditions of resuscitation and intensive care unit	Anesthesia of aged patients	Satellite symposium of Alpha Wassermann Company. Perioperative management of surgery patients with high risk of cardiac complications	Committee for European Education in Anesthesiology (CEEA)	Lecture "Information technologies in the work of emergency physician" V. Gerasevich  Lecture "Acute blood loss" S. V. Bobovnik	Master class of NTFF Polysan. Modern approaches to neuroprotection in anesthesiology	Course "Basics of pain treatment"
	12:00 noon 2:00 pm		Ultrasound in anesthesiology and resuscitation	12.00-13.00 Lecture of Abbott Company "Experience of application of diagnostics by patient's bed in conditions of city hospital" N.S. Matyushkov 13.05-13.25 Lecture. The algorithm is the rational choice of the anticoagulant in the ICU. Zamyatin M.N. 13.30-14.00 Lecture. Perioperative microcirculatory disorders: microscopic causes of our greatest failures. Aksel'rod B.A.	Outpatient anesthesia	Satellite symposium of Frezenius Kabi Company. Omega 3 fatty acids in IT: pro and con.	Committee for European Education in Anesthesiology (CEEA)	Lecture "Epidural anesthesia in cardiac surgery" G. Landoni	Master class of Werfen Company. Optimization of intensive care unit service through implementation of point-of-care testing (POCT) in diagnostic of critical conditions	Course "Basics of pain treatment"
	2:00 pm 3:00 pm						<b>DINNER</b>			
	3:00 pm 4:30 pm	News of anesthesiology and emergency medicine			Constitutive meeting of Conference of Federation of anesthesiologists and emergency physicians of	Satellite symposium of Nestlé Russia. Early enteral nutrition at the resuscitation and	Committee for European Education in Anesthesiology (CEEA)	Anesthesia of patients with morbid obesity	Master class AINO — NDA. Anesthetic provision of endoprosthesis replacement of large	Course "Basics of pain treatment"

		Russia (FAR)	intensive care department					joins of lower limbs. Neurologic complications of regional anesthesia	
<b>4:30 pm</b> <b>6:00 pm</b>	Opening of 15th Conference of FAR						Meeting of cooperative research		Course "Basics of pain treatment"

Day	Time	"KKZ"-1000	"Vechny cosmos" 1-250	"Vechny cosmos" 2-250	"Saturn" - 200	"Neptune" - 100	"Jupiter" - 50	"Galactica 1+2" - 80	"Galactica 3" - 50	"Galactica 4" - 50	
September 18 (SUNDAY)	<b>9:00 am</b> <b>9:45 am</b>	Lecture "Why ketamine must not become a scheduled drug" Y. Mellin-Olsen	Lecture "Chronic postsurgical pain — hidden rock of modern surgery" A.M. Ovechkin	Lecture "The WFSA: leading role in the global anesthesiology education and training" M. Milenovich	Lecture "Modern trends in neuro- anesthesiology" A.Y. Lubnin	Lecture "Opioid medications for pain treatment" D. Arbukh	Lecture "Enteropathy of critical conditions" V.A. Mazurok	Lecture "Neuro- psychological complications of postsurgical period" V.V. Likhvantsev	Lecture "Modern aspects of anesthesia during liver transplantation" Y. Vater	Lecture "Medically induced support of blood circulation during septic shock" E.M. Nikolaenko	
	<b>10:00 am</b> <b>12:00 noon</b>	Cognitive abnormality and delirium	Regional anesthesia and acute pain treatment	Satellite symposium of Orion Farma Company. Oriented IT — modern technologies	Anesthesia and IT in neurology and neurosurgery	School "Extracorporeal life support"	Committee for European Education in Anesthesiology (CEEA)	Difficult airways	10:00 am – 11:00 am Lecture on aerosol therapy, Richard Costello	Course "Basics of pain treatment"	
	<b>12:00 noon</b> <b>2:00 pm</b>	Anesthesia and IT in pediatrics	Regional anesthesia and acute pain treatment	Round-table discussion of Drager "Protective mechanical ventilation in anesthesiology: let's discuss this"	Anesthesia and IT in neurology and neurosurgery	School "Extracorporeal life support"	Committee for European Education in Anesthesiology (CEEA)	News of cardiopneumatic resuscitation	Ophthalmoanesthesia	Course "Basics of pain treatment"	
	<b>2:00 pm</b> <b>3:00 pm</b>	<b>D I N N E R</b>									
	<b>3:00 pm</b> <b>4:30 pm</b>	Organization of Anesthesiology and Resuscitation service and implementation of programs of reforming	Diagnostics and treatment of disorder of hemostasis	Pain treatment — the second foothold of profession?	Nurse section "Preventive treatment of infections in anesthesiology section of IT"	School "Extracorporeal life support"	Committee for European Education in Anesthesiology (CEEA)	Acute respiratory failure	Master class of Alpha Wassermann Company. New opportunities in management of thrombosis risks	Course "Basics of pain treatment"	
	<b>4:30 pm</b> <b>6:00 pm</b>	Organization of Anesthesiology and Resuscitation service and implementation of programs of	Diagnostics and treatment of disorder of hemostasis	Satellite symposium of Pfizer Company. Theme is being specified	Nurse section "Law issues and miscellaneous"	School "Extracorporeal life support"	Committee for European Education in Anesthesiology (CEEA)	Cooperative master class of Baxter and Mindray companies. Flexible control	Master class of Physiocontrol Company	Course "Basics of pain treatment"	

reforming

of heart rate and blood pressure in unstable hemodynamics

Day	Time	"KKZ"-1000	"Vecherny cosmos" 1-250	"Vecherny cosmos" 2-250	"Saturn" - 200	"Neptune" - 100	"Jupiter" - 50	"Galactica 1+2" - 80	"Galactica 3" - 50	"Galactica 4" - 50	
September 19 (MONDAY)	9:00 am 9:45 am	Lecture "New paradigm of intensive therapy: The less aggression — the better result" V.A. Rudnov	Lecture "Modern inhalational anesthesia in maieutics" A.M. Ovezov	Lecture "Monitoring of perfusion of tissues: haemodynamic and metabolic markers" M.Y. Kirov	Lecture "Anesthesiological aspects of concept of fast-track surgery" I.N. Pasechnik	Round table. Sugammadex in daily practice: pros and cons. In favor – Babayants A.V., against – Subbotin V.V.	Lecture "Anesthesia and hepatitis" A.M. Dzyadzko	Lecture "Role of biomarkers in optimization of antibacterial treatment" D.A. Popov	Lecture "Intensive treatment of thrombembolia of pulmonary artery" M.I. Neimark	Lecture "Pharmacoeconomics of full parenteral nutrition" R.I. Yagudina	
	10:00 am 12:00 noon	SEPSIS-2016 Key questions	Problems of safety in anesthesiology IT	Open discussion of project of clinical recommendations in relation to metabolic monitoring during artificial ventilation of lungs	Practical implementation of Fast-track concept	Satellite symposium of Medtronic Company. Significant issues of modern intensive treatment	Committee for European Education in Anesthesiology (CEEA)	Organization of laboratory research in resuscitation and intensive care unit	Cooperative satellite symposium of Drager, Bbraun Medical, Cardex companies. Theory and practice of application of IT in anesthesiology and resuscitation: experience of clinics in Russia	Course "Basics of pain treatment"	
	12:00 noon 2:00 pm	SEPSIS-2016 Original studies	Law aspects of anesthesiology and IT	Roundtable discussion of GE Healthcare Company. Advanced technologies in adjustment of breathing support during acute respiratory failure	Inhalational and total intravenous anesthesia	Efferent technologies in IT	Committee for European Education in Anesthesiology (CEEA)	Psychology and professional risks	Monitoring in anesthesiology and IT	Course "Basics of pain treatment"	
	2:00 pm 3:00 pm	<b>D I N N E R</b>									
	3:00 pm 4:30 pm	Anesthesia and IT in maieutics	Infusion treatment and blood preservation	Roundtable discussion of GE Healthcare Company. Additional anesthesiologic monitoring. All pros and cons	Nutritional support and food	Satellite symposium of Phillips Company. Anesthesiology, reanimation and intensive treatment department of 21st	Committee for European Education in Anesthesiology (CEEA)	Anesthesia and IT in oncology	Satellite symposium of Wu Yang Medical Company. Postoperative patient controlled	Course "Basics of pain treatment"	

					century: from monitoring to intellectual informational space			analgesia	
<b>4:30 pm</b> <b>6:00 pm</b>	Anesthesia and IT in maieutics	Infusion treatment and blood preservation	Roundtable discussion of GE Healthcare Company. Metabolic monitoring in Anesthesiology, reanimation and intensive treatment — quintessence of intensive observation	Russian-German community of Anesthesiology and Resuscitation service	Satellite symposium of Bakster Company. A variety of crystalloid solutions in the hospital – necessity: pros and cons	Committee for European Education in Anesthesiology (CEEAA)	Anesthesia in ORT, maxillofacial surgery and dentistry	Hypothermia and body temperature control	Course "Basics of pain treatment"

Day	Time	"KKZ" -1000	"Vecherny cosmos" 500	"Saturn" - 200	"Neptune" - 100	"Jupiter" - 50	"Galactica 1+2" - 80	"Galactica 4" - 50
September 20 (Tuesday)	<b>9:00 am</b>	Lecture	Lecture	Lecture	Lecture	Lecture	Lecture	Lecture
	<b>9:45 am</b>	"New approach of management of quality of anesthesia and resuscitation service" M.V. Petrova	"Sepsis from point of view of cardioanesthesiologist" A.L. Levit	"The day of big data" S.V. Tsarenko	"Prevention of respiratory disorders and monitoring of gaseous exchange" E.M. Nikolaenko	"Mistake in anesthesiologic practice" V.G. Krasnov	"Surfactant therapy in complex treatment" O.A. Rozenberg	"Therapeutic hypothermia — method of preventive treatment of multiorgan failure" E.V. Grigoryev
	<b>10:00 am</b> <b>12:00 noon</b>	Anesthesia in cardiac and thoracal surgery	Anesthesiology and Resuscitation service during injury	Anesthesia of high-risk patients	Satellite symposium of Shtada Company. Blood preservation in surgeries with high risk of blood loss	Professional preparation and improvement of doctor personnel (CEEAA)	Toxicology	Interventional treatment of chronic pain
	<b>12:00 noon</b> <b>2:00 pm</b>	Anesthesia in cardiac and thoracal surgery	Anesthesiology and Resuscitation service during burn injury	Anesthesia of high-risk patients		Professional preparation and improvement of doctor personnel (CEEAA)	Toxicology	Interventional treatment of chronic pain
	<b>2:30 pm</b> <b>3:30 pm</b>	Closing of 15th Conference of FAR
